

AB 241 Sentence Credit Guide

NRS 209.433-209.449 permits an offender housed in an institution or facility of the Nevada Department of Corrections (NDOC) to earn certain credits to reduce his or her sentence of imprisonment. Assembly Bill No. 241 from the 2021 Legislative Session (AB 241) allows for an additional credit of 5 days for each month served by an offender who is incarcerated in an institution or facility of the NDOC during a period in which a state of emergency due to a communicable or infectious disease has been declared by the Governor and remains in effect. AB 241 also: (1) limits such credits an offender may earn to not more than 60 days of credit for any state of emergency; and (2) requires the credits to be applied retroactively to the beginning of the pandemic as declared by the Governor on March 12, 2020.

Projected Credits Not Applied						[52]	[9]					

As an example, this offender received AB 241 credits starting in March 2020 and received the 60-credit maximum allowable by law in February 2021. AB 241 credit applies by statutory authority without the need to obtain additional authorization.

Due to the additional 60 credits that were applied from AB 241, the example offender's **Projected Expiration Date** is now 6/6/2021. Because the example offender is released in June, the offender will not get the **projected FLAT, STAT, and WORK** credits for the remainder of June and for July as the offender will have discharged the sentence.
